Re: Termination of Administrative Order for Compliance,
EPA Docket No. CWA-09-2012-2004

Dear Ms. Terlizzi:

This letter serves to terminate the Findings of Violation and Order for Compliance (Order) that the Environmental Protection Agency, Region 9, (EPA) issued to the Arizona Department of Transportation (ADOT), pursuant to sections 308(a) and 309(a) of the Clean Water Act, 33 U.S.C. §§ 1318(a) and 1319(a), on April 19, 2003.

The Order required ADOT to come into compliance with the Clean Water Act by addressing deficiencies in its storm water management and control program under its National Pollutant Discharge Elimination System (NPDES) permit issued by the Arizona Department of Environmental Quality (ADEQ). On March 14, 2014, ADOT submitted its final compliance report stating that all terms of the Order have been satisfied and completed. Based on the documentation that ADOT has provided, EPA finds that ADOT has completed all requirements of the Order, and therefore terminates the Order.

If you have any questions related to this termination letter or the Order, please contact Lawrence Torres of my staff at (415) 947-4211, or torres.lawrence@epa.gov. Please direct any legal questions to Jessica Kao in our Office of Regional Counsel at (415) 972-3922, or kao.jessica@epa.gov.

Sincerely,

Kathleen H. Johnson, Director
Enforcement Division

ADOT
